

Test to obtain the Class 5 learner's licence

Module 5 – Up exam

Tes No.: A-190430-152240

Important:

- This version of the test has one question per page, which makes it possible to use large illustrations. Large illustrations make it easier to notice small but important details (such as traffic lights).
- The test must be taken **alone**, without the option of using a mobile device to obtain answers online or from someone else inside or outside the classroom.

INSTRUCTIONS

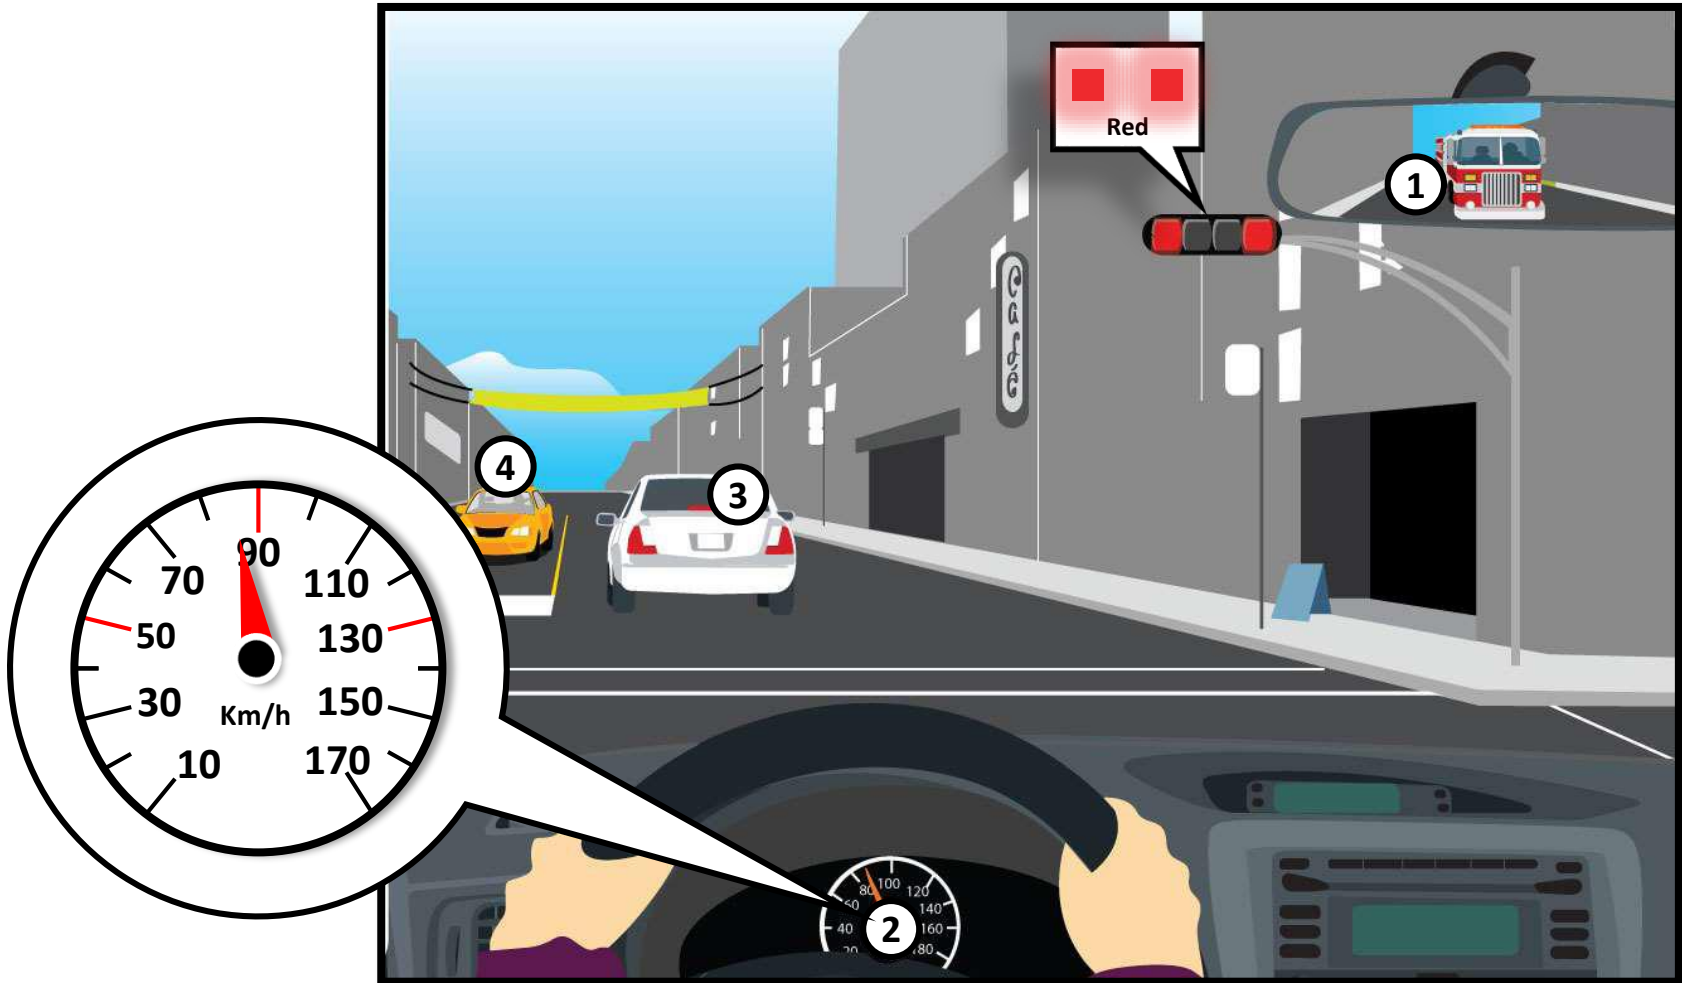

- This test consists of 24 questions.
- Read each question carefully before answering.
- There is only one correct answer for each question.
- The mark required to pass the test is 75 %.
- If you fail the test, there is a mandatory wait period before you can take the test again, allowing you to review the course content.

INSTRUCTIONS

- Enter the information requested.
- For each question, mark only one answer using an X.
- Note that each question has 3 or 4 possible answers.
- The mark required to pass the test is 75 %.
